Unlock Accessibility and instructions for use

Unlock Accessibility can be found as an attached zip file, otherwise it can be downloaded from GitHub by following this link: https://github.com/estermarieAA/Master_thesis_product

Instructions for use:

1. Download the zip file to your computer and unpack the folder.
   *if you have downloaded the files from github, it is only the folder "Unlock Accessibility" you need*

2. Open Google Chrome

   [or download the browser here, if you do not already have it:
   https://www.google.com/chrome/?brand=YTUH&gclid=Cj0KCQjwyYKUBhDJARIsAMj9lkH00Vf3QTlrW9pA-EMTfJBFO5mw-Jv0LchNefNP1oiXIneDoqqpZJMaAp0HEALw_wcB&gclsrc=aw.ds]
   The extension can only be used in the Chrome browser

3. Go to this address in Chrome: chrome://extensions/
   you can copy paste the address into the address bar in the browser

4. Make sure that developer mode in the top right corner is turned on

5. Upload the extension by choosing "Upload unpacked" or "Indlæs upakket"

6. Find the folder on your computer and submit

7. The extension will now appear in the extension menu:
   *if the toggle is not on, make sure to turn it on to activate the extension*

8. You are now ready to go to any website to test it out!
   *Sometimes you will need to refresh the website you are browsing for the map to appear*

THOUG! If nothing happens you may have to tweak the settings

I.   Go to "details" or "detaljer":

II.   A new window appears:

III.   Scroll down to "website access" and choose that the extension can access all websites
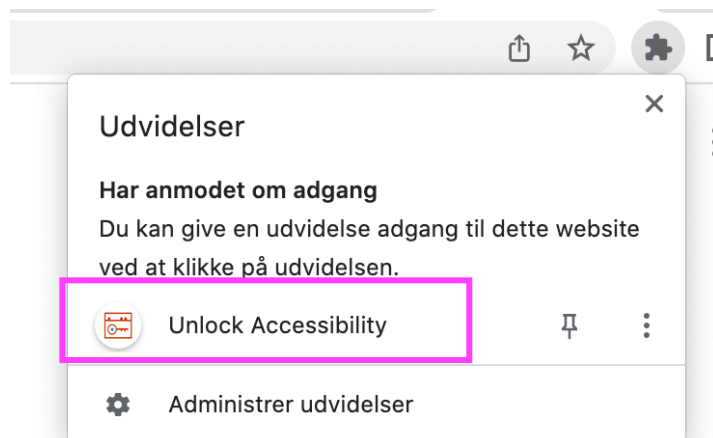

IV.   Tip: If you want to be able to turn the extension on, on specific websites while browsing the web, without having to go to the extension menu, you can choose that the extension can access websites when clicked:
